

The Right Honourable Justin Trudeau, P.C., M.P.  
Prime Minister of Canada  
80 Wellington Street  
Ottawa ON K1A 0A2

November 10th, 2023

Dear Prime Minister,

We, Canadian academics, civil society organisations, and others, are writing to express our anguish and grave concern about the ongoing crisis in the Gaza Strip, East Jerusalem and the West Bank, where [possible crimes of genocide](#), war crimes, and crimes against humanity, including apartheid are being perpetrated by Israeli forces against Palestinian civilians. The potential commission of genocide and other international crimes triggers Canada's international and domestic law obligations.

Since its founding in May 1948, Israel has pursued the primary objective of dominating land and resources for the benefit of Jewish Israelis and establishing and preserving a Jewish demographic majority. After the 1967 War, this objective was expanded to include the West Bank and Gaza Strip. The Israeli military has occupied the Gaza Strip, East Jerusalem and the West Bank since the 1967 war with Egypt, Jordan and Syria. The laws of occupation as set forth in the Fourth Geneva Convention of 1949 and the Hague Regulations of 1907, apply to all of these areas, referred to as the Occupied Palestinian Territories ("OPT"). As the occupier, Israel has many legal obligations, including the [duty to provide food](#), maintain [hospitals](#) (with medical supplies and provide relief when inadequate), [public health](#) and [hygiene](#), and to refrain from destroying property. Israel has a legal duty to protect the sanctity and dignity of all Palestinian civilians.

### *Crimes Against Humanity, Genocide and Apartheid*

Canada and Canadian nationals are bound by the jurisdiction of the International Criminal Court (ICC), an international court of last resort with 123 state parties. It was created by the Rome Statute to prosecute individuals who commit international crimes such as genocide, war crimes, crimes against humanity, and the crime of aggression. The ICC Prosecutor can [prosecute](#) an individual who commits an international crime on the territory of a State Party or if they are a national of a State Party. In January 2015, the Government of Palestine accepted the jurisdiction of the ICC to investigate the alleged crimes committed in the Occupied Palestinian Territories, from June 13, 2014 onwards. Canada has ratified the Rome Statute and passed [domestic legislation implementing it in 2000](#). Therefore, Canada has an obligation to oppose and denounce, in the strongest terms, potential genocide in the OPT. Furthermore, it also means that any alleged international criminal conduct committed by Canadian nationals in the OPT renders them potentially subject to investigation and prosecution by the ICC Prosecutor.

The violent attacks on civilians and the hostage-taking by Hamas on October 7, 2023, were egregious violations of international criminal law and international law, and the perpetrators must be held accountable. However, the bombing of civilian targets, including hospitals, mosques, churches, universities, and [UNRWA offices](#); cutting off life-sustaining supplies of fuel, food, and water to the Gaza Strip; the explicit [dehumanisation of Palestinians by the Israeli Defence Minister](#), and the call for a ['holy mission to exterminate' by the Israeli Prime Minister](#) are evidence of alleged **crimes against humanity, war crimes and genocide**.

In February 2021, the ICC established its jurisdiction to investigate the alleged commission of grave international crimes within the OPT. The [investigation includes](#) the commission of the **crime of apartheid**. In [March 2021, the ICC Office of the Prosecutor](#) officially launched a formal investigation into the situation in Palestine. [Human Rights Watch](#) and [Amnesty International](#) have found that the Israeli government exhibits a clear intent to maintain Jewish Israeli territorial dominance over Palestinians, accompanied by ‘an [institutionalised regime of systemic oppression and domination](#)’ in the OPT and Israel, [constituting the crime of apartheid under international law](#).

Canada must uphold its legal obligations and cannot remain silent in the face of such crimes. Canada has a purported history of upholding the fundamental precepts of international law, which include [campaigning to prevent and punish war crimes, crimes against humanity, and genocide](#), as set out in the Rome Statute. Canada must respect its international legal obligations, both in word and in deed.

### *Criminal Conduct and Complicity in International Crimes*

The [Foreign Enlistment Act](#) prohibits the [recruitment of individuals for foreign military service as well as encouraging their involvement in foreign armed forces](#). The IDF “[called up 360,000 reservists](#)” on October 07, 2023, in response to the Hamas attack. Many [Canadian nationals](#) are joining, as “[lone soldiers](#)”, to actively take part in military operations. Though the [issue of illegal](#) recruitment has been raised before, Canada has yet to take any action on this.

Since Canada enacted the [Crimes Against Humanity and War Crimes Act \(CAHWCA\)](#) on June 24, 2000, **any Canadian citizen found to be participating in hostilities that violate international criminal law must be held accountable under relevant Canadian legislation**. This also includes the Canadian Criminal Code, whereby it is an indictable offence to advocate or promote genocide. The CAHWCA makes it an indictable offence to commit or conspire to commit genocide, crimes against humanity, or war crimes, within or outside of Canada.

### *Forced Evictions and Displacement*

Lastly, we note with alarm and grave concern that whilst the Israeli state continues its bombardment of Gaza and embarks on a ground invasion, [settlers in the West Bank, in some cases with the support of Israeli military personnel, are currently terrorising Palestinians and forcing them to leave their homes](#) and villages. This is part of an ongoing policy of illegal settlements of Israelis in the OPT. Since 1967, there are [nearly 300 settlements in occupied East Jerusalem and the West Bank, housing over 700,000 Israeli settlers on appropriated and stolen Palestinian lands](#). These settlements are made illegal by the Fourth Geneva Convention. The **forced expulsion of Palestinians** from their homes and land amounts to **war crimes** and **crimes against humanity**. Importantly, Canadians participating in these illegal activities must be prosecuted to the full extent of the law as set out in the CAHWCA.

We are committed to ensuring that Canada stays unwavering and [consistent](#) in its efforts to prevent and combat crimes against humanity, ethnic cleansing, war crimes, genocide, and apartheid. We note with grave concern media reports that have highlighted the participation of Canadians in the conflict in Gaza, either through the [Canadian military gathering intelligence or undisclosed activity](#). We strongly urge you, Prime Minister Trudeau – and the Canadian government – to uphold your obligations under enacted

national and international law. We urge that you and your government publicly reiterate these commitments in relation to Israeli state actions in the OPT and that you affirm your commitment to ensuring that everyone who takes part in the commission of atrocities—regardless of nationality—is held accountable for their deeds.

As we bear witness to these horrific crimes, we call on you, Prime Minister Trudeau and the Government of Canada to:

1. Demand an immediate ceasefire;
2. Honour your domestic and international legal obligations and withdraw all military and financial support for the Israeli state;
3. Duly investigate and prosecute any Canadian citizen who has participated in suspected war crimes and crimes against humanity under applicable domestic laws;
4. Publicly condemn any and all documented Israeli violations of international law during the current conflict; and publicly oppose acts of genocide, war crimes, apartheid and forced displacement in the OPT.

Sincerely,
